

## **Mandatory Assignment 8**

**Submission Deadline: 29th March, 2022**

This exercise is concerned with planning and preparing for course project.

If you work with a partner: Please specify who your group partner is. It is sufficient if one of you submits the answers on Canvas, but answers should be worked out together.

### **Exercise 11. Schedule, Requirements and Grading**

- a) Familiarise yourself with the schedule, requirements and grading for course project described on Canvas <https://uio.instructure.com/courses/36956/pages/course-projects-schedule-requirements-and-grading> and in Lecture 15!
- b) Indicate which format you want to choose for your presentation: Prerecorded video / On campus presentation / Zoom presentation.
- c) Familiarise yourself with the latex template for Project Reports on Canvas <https://uio.instructure.com/courses/36956/files/folder/Project%20Reports%3A%20Latex%20template!>

### **Exercise 12. Content**

Write ~ 1 page about your project contents. If you are planning implementations/experiments, please specify what you want to implement and what type of experiments you want to conduct.

### **Exercise 13. Resources**

Describe how you are planning to proceed to work on the project: literature resources, existing code (documentation), relevant packages used for implementations, presentation tools, communication channels & frequency with group partner (if applicable).

**Exercise 14. Time Management**

Describe your timeline for the project including

- Discussion dates with the lecturer (see dates on Canvas <https://uio.instructure.com/courses/36956/pages/course-projects-schedule-requirements-and-grading>). Please indicate whether you want to have discussions via Zoom or on Campus and whether you have time restrictions on the meeting dates (meetings might take longer than the usual lecture time)!
- Meetings with your project partner (if applicable).
- Other milestones (e.g., finishing literature review, finishing slides, ...)

**Exercise 15. Questions**

Please list any questions regarding organisation or contents of the project work you might already have!
